PROFESSIONAL SUMMARY

A highly motivated and analytical Computer Science graduate with a specialized focus on Artificial Intelligence. Possesses a strong foundation in software development principles, object-oriented programming, and AI technologies. Proven ability to develop practical solutions, demonstrated through academic projects involving Java, MySQL, and GUI development. Eager to apply technical and problem-solving skills to contribute to innovative software engineering teams.

EDUCATION

BSc (Hons) in Computer Science with Artificial Intelligence	
National Institute of Business Management (NIBM)	2027
G.C.E. Advanced Level - Mathematical Stream	
Jaffna Hindu College	2022
G.C.E. Ordinary Level	
Jaffna Hindu College	2019

CERTIFICATIONS

Certificate in Computer Science With Artificial Intelligence
National Institute of Business Management (NIBM)
Diploma in English
Srilanka English Language Graduates' Association
Certificate Course in English
University of Jaffna
Certificate in Python for Beginners
Centre for Open & Distance Learning (CODL), University of Moratuwa.

ACADEMIC PROJECTS

Hotel Room Booking & Management System
<ul style="list-style-type: none">Technologies: Java, Swing, MySQLDesigned and developed a full-stack desktop application to streamline hotel operations.Implemented core OOP concepts to create a modular and maintainable codebase.Engineered a real-time room tracking system with robust exception handling to prevent overbooking.Developed features for room availability search, automated billing, and check-in/check-out management.
